April 15, 2020

Bonjour!

I hope you are doing well during these challenging times. Part of the home learning plan for French over the next few weeks is a package of activities included in your French duotang.

Each activity is associated with a page number on the bottom of each page. The hope is that you will be able to complete two activities each week until the next package goes home on May 15th. Due to the difficult circumstances we are currently facing please complete only as many activities as you are comfortably able to.

On the opposite page is an outline with instructions for each activity. For more information and for updates and videos, please visit the French page on the St. Joseph's School website.

Please take good care of yourself while the school is closed and I look forward to seeing you again!

Sincerely,

Mr. Watkins
